Directions
From the North
Interstate 35W south to the Washington Avenue exit. Turn left. Follow the street as it bends right and becomes Cedar Avenue. Turn left onto Riverside Avenue. Proceed to 25th Avenue.

From the South
Interstate 35W north to Interstate 94 east. Exit at 25th Avenue, turn left. Continue one block to Riverside Avenue.

From the East
Interstate 94 west to the Riverside Avenue exit, turn right. Proceed one block to 25th Avenue.

From the West
Interstate 94 west to the 25th Avenue exit, turn left. Continue one block to Riverside Avenue.

Parking
Parking is available near each of the buildings.
For University of Minnesota Masonic Children’s Hospital in the South Building, or clinics in the East Building, use the Green Garage under the hospital. Enter from 25th Avenue, or use the valet service at the main entrance of the hospital.

For appointments at the 2512 Building, park in the Gold Garage. Enter from 25th Avenue just beyond 7th Street. A valet will park your car. The elevator is near the valet station.

Park Plaza Building is served by the Blue Lot on 7th Street South behind the building. During inclement weather, or if the Blue Lot is full, park in the Gold Garage and use the tunnel.

Parking for the West and Riverside Professional Buildings is in the Red Ramp on 6th Street South.
For Red, Gold and Blue parking, bring your parking ticket for validation to receive a reduced parking rate. Valet parking is no extra charge.

Tunnel System
A tunnel system joins the East and 2512 Buildings. The Park Plaza tunnel splits off the main tunnel. From the South or East Buildings, take the East Building A Elevators to the tunnel level (watch for directions to the other buildings). From the Gold Garage you enter the tunnel level in the 2512 Building. Access the pool from the West Building A elevators.
